Air Conditioning & Heating

## ENERGY EFFICIENCY IS THE KEY...

### ...TO CONTROLLING THE COST OF AIR CONDITIONING YOUR HOME.

Enjoy top quality, high-efficiency cooling and a chlorine-free refrigerant—and get them all at a refreshingly affordable price.

When you purchase a Goodman® brand SSX16 High-Efficiency central air conditioning system,

you are making one of the best decisions possible for your home comfort. We strive to build heating and air conditioning systems that offer what we believe to be one of the best warranties,\* highest quality levels, and legendary durability standards ...all at a price that will have you saying, “Thank goodness for Goodman.”

Thank goodness for Goodman.™

## R-410A REFRIGERANT

Compared to lower SEER, R-22 refrigerant units, our new Goodman SSX16 central air conditioning system will not only provide you with money-saving cooling performance for many years, but it also features R-410A refrigerant. Since this refrigerant does not contain chlorine, it is environmentally-friendlier than R-22 refrigerant, which is currently used in most air conditioning systems.

Introduced in 1995, R-410A refrigerant has helped increase the durability and reliability of air conditioner compressors.

## AIR CONDITIONING SEER RATINGS

“SEER” stands for Seasonal Energy Efficiency Ratio, which is a measurement of an air conditioner or heat pump’s cooling energy efficiency developed by the U.S. Department of Energy. It’s a simple formula: the higher the SEER of your unit, the greater its efficiency – and the lower your operating costs.

When properly matched and installed, your new Goodman brand SSX16 R-410A Air Conditioner offers efficiencies that provide significant savings compared to lower SEER units. In fact, these units are so efficient that they meet the higher standard of the Environmental Protection Agency’s Energy Star Program!\*\*\*

\*\*\*Energy Star ratings are dependent upon conditions beyond equipment installation. To make certain your HVAC equipment qualifies for the Energy Star designation get complete information at [www.energystar.gov](http://www.energystar.gov).

*\* To receive the 10-year Parts Limited Warranty and Lifetime Compressor Limited Warranty, online registration must be completed within 60 days of installation. Online registration is not required in California or Quebec. Full warranty details available at [www.goodmanmfg.com](http://www.goodmanmfg.com).*

## OUTSTANDING WARRANTY PROTECTION\*

A GOODMAN AIR CONDITIONING SYSTEM HAS POSSIBLY THE BEST WARRANTY\* IN THE HOME COMFORT INDUSTRY.

The compressor in your new SSX16 air conditioning system is covered by a **Lifetime Compressor Limited Warranty\*** good for as long as you own your home. If the compressor ever fails, a new one will be provided to the original, registered purchaser of the central air conditioning system as long as they live in the same single-family residence. To receive this **Lifetime Compressor Limited Warranty\*** you must also install a properly matched indoor coil or air handler to the air conditioning system.

All functional parts of your air conditioning system are warranted for 10 full years after installation.\* To get all the specific warranty details and to register your new Goodman system, visit us at [www.goodmanmfg.com](http://www.goodmanmfg.com).\*

For even greater peace of mind, ask your dealer or visit our web site at [www.goodmanmfg.com](http://www.goodmanmfg.com) for more details about **GoodCare**® an affordable Parts and Labor Extended Service Plan for your entire Goodman brand HVAC system.†

### ADDITIONAL INFORMATION.

Before purchasing this appliance, read important information about its estimated annual energy consumption, yearly operating cost, or energy efficiency rating that is available from your retailer.

## IMPRESSIVE FEATURES AND BENEFITS:

GOODMAN® BRAND  
SSX16 R-410A REFRIGERANT  
HIGH-EFFICIENCY AIR CONDITIONER

- 10-Year Parts Limited Warranty\*
- A high-performance, high-efficiency scroll compressor with a Lifetime Compressor Limited Warranty\* for as long as you own your home
- Chlorine-free R-410A refrigerant
- A factory-installed in-line filter dryer
- An 850-RPM motor; a three-bladed fan; and a louvered sound-control top – all of which add up to quieter system performance
- A louvered cabinet made of heavy-gauge galvanized steel that protects the coil, while its appliance-quality, post-paint finish resists the effects of weather and time
- A high-efficiency condenser coil made of corrugated aluminum fins and rifled refrigeration-grade copper tubing
- An attractive new design, finished in an Architectural Gray color that complements any home environment
- Performance certified in accordance with the Air Conditioning, Heating and Refrigeration Institute

Thank goodness for Goodman.™

*† Extended Service Plans not available in all states. Ask your dealer for full details.*

## GOODMAN: THE RECOGNIZED INDUSTRY LEADER

Every Goodman brand heating and air conditioning system is designed, engineered, and manufactured with pride. All employees follow strict, quality-driven processes to ensure that all Goodman products offer the legendary performance that has made the brand a recognized leader in the industry. This attention to quality has resulted in the Goodman family of companies becoming the second largest unit manufacturer of residential air conditioning and heating systems in North America.

The legacy began when Harold Goodman, a former air conditioning contractor, felt that he could build a better product. His goal was, and our goal remains, to manufacture air conditioning and heating equipment that performs more reliably, lasts longer than the competing products and eliminates time-consuming installation problems.

And, of course, he endeavored to make air conditioning and heating products as affordable as possible. Harold accomplished his goal and today the Goodman family of companies manufactures heating, air conditioning and ventilating equipment in modern facilities.

Air Conditioning & Heating
